Project	Atlas Brand Identity
Online	atlas.kolkrabbi.io/quote

A fixed-price proposal for a new brand identity for Atlas, from first workshop to a complete handoff. The work is in two milestones that fit the 2,000,000 ISK budget: **M1 Foundation** builds the identity, the website design and the initial brand guide; **M2 Applications** makes everything Atlas needs for the fair in February and hands over every file, so Atlas can use the brand without a designer.
